Secrets of the palm!

FAMOUS American Palmist Robert L. Donahue, after many years of research, felt that the

Barbed Lines

cause of the perturbations in a person's behaviour was due to the existence of "Barbed Lines". What Donahue and many other palmists called Barbed lines are those that resembled barbed wires. Mrs. Catherine Kinnerseley of England insists that clear distinction must be drawn between Barbed Lines and rope lines. Suicidal tendency may get manifest if the Life or Head Line appear twisted like a rope. Then, do Barbed Lines really produce adverse conditions? In most cases, the jagged markings seem to be visible in the 30-40 age mark of the line. To state briefly, the Barbed Lines characterise one or more of the following :

- ☐ Gift of Rhetoric to lure people.
- ☐ Incapable of sustaining confidence reposed in them.
- ☐ Chameleonic tendencies.
- ☐ Easily seduced.

Barbed lines are not much desirable. Despite the Barbed Lines, if the Line of Fate is without any blemish and the mounts are not obfuscated with spots, moles or islands, the hand belongs to an uniquely gifted person.

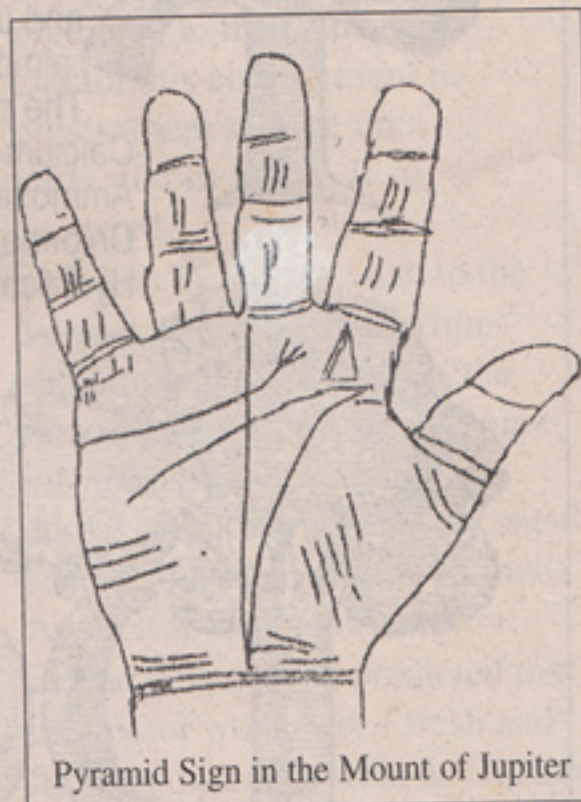

Rope Lines

- ☐ Discordant domestic life often leading to divorce.
- ☐ Some reach the zenith of their career and come down to its Nadir.

Despite the Barbed Lines, if the Line of Fate is without any blemish and the mounts are not obfuscated with spots, moles or islands, the hand belongs to an uniquely gifted person. It is upto

him or her not to fall a victim of circumstances and must be careful when handling other people's money.

It must be borne in mind that while Barbed Lines could be found only in one out of a few thousand hands, the most auspicious pyramid sign may be spotted just in one out of a million hands. Mr. Donahue has said in one of his lectures that the pyramid sign was well etched in the palm of an Internationally known American businessman. Another billionaire Japanese had the sign prominently etched in his Venus Mount.

Pyramid Sign in the Mount of Jupiter

A pyramid sign in one's palm is like a jewel in the crown. A triangle should not be mistaken for a pyramid.

A man or woman, who has a pyramid sign in one of the mounts will be a paragon of virtue, endowed with a long life of health, wealth and happiness.
